WORK

Random Studio | Amsterdam, Netherlands

Sep. 2025 - Mar. 2026

Interaction Design Intern

- Assisted in Concept Development, including research, sketching and storyboarding
- Assisted in Design Development (Physical and Digital design + prototyping)

AWARDS

UX Design Awards - Nomination | Nebulo

Jan. 2026

DIA Design Intelligence Award - Honorable Mention | Nebulo

Dec. 2025

EDUCATION

Kyoto Sangyo University

Mar. - Jun. 2026

Visiting Research Student

- Exchange period to develop my graduation project

University of Applied Sciences and Arts of Southern Switzerland

Sep. 2024 - Jul. 2026

Master of Arts in Interaction Design

- Relevant coursework: Design Thinking, UX/UI Design, Prototyping Techniques, Programming, Physical Computing, Interactive Installations, Photo and Video documentation

Politecnico di Milano

Sep. 2019 - Sep. 2023

Bachelor of Science in Production and Management Engineering

Liceo Scientifico Statale G.B. Grassi

Sep. 2014 - Jul. 2019

High School Diploma - Applied Sciences

PROJECTS + RESEARCH

Feel the Space - integrating Spatial AI in retail environments (interactive installation) | Mar. - Jul. 2026

- Designed a spatially intelligent interactive installation for experiential retail spaces (using Japanese premium textile retail as a case study), integrating computer vision and kinetic elements
- Role: Interaction Designer, Creative Technologist

Fabric Interfaces - exploring tangible interaction in retail spaces (physical design) | Jan. - Feb. 2026

- Researched, designed and prototyped innovative retail interactions using textiles as organic interfaces. These solutions were envisioned for direct integration into physical spaces to push beyond conventional touchscreen experiences.
- Role: Researcher, Creative Technologist
